Almcoe Refrigeration Company's NEW LOGO!!!

As of now, you have probably noticed that Almcoe has a new logo.

About three months ago, it was brought to our attention that we had over 25 different logo's in circulation and it dawned on us that we needed to "re-brand" Almcoe. So, we hired a designer and after many meetings, we finally decided on one. We think that this new logo

Dear Jana Glaze,

Almcoe would like to take this time to introduce to you the new and improved "Almcoe Quarterly Dispatch" newsletter. We hope you enjoy it!

• Words From Bill

Each New Years I pause and reflect on the year behind and the year in front of us. 2005 was fantastic in every way. Business was great and more importantly, it looks great for 2006. We continue to hire the best people and develop customer relationships with "world class" companies.

I would also like to take this opportunity to announce the birth of our first granddaughter. Abbie Ryan Glaze was born on December 28th. Needless to say, we are extremely proud of her and if you would like to see some photos, please click on her website! Thanks and Happy New year. - Bill

• Scheduled Maintenance Program

Over the next few months we will be sitting down to re-evaluate each of our Scheduled Maintenance contracts. The reason behind doing this is so that we can create a more detailed program that is molded to each of our customers specific needs. After reviewing each contract, we will sit down with each customer to discuss the new SM time frames and to show them their revised SM schedule and check-list of items. Our goal in doing this is to better inform our customers WHEN the SM will be done and WHAT will be done each time.

If you are interested in talking to someone at Almcoe about setting up a SM contract for your company, please contact us by clicking below.

• Installation

Over the past few months, an Almcoe installation crew has been working on a large project at LifeTime Fitness in Allen. LifeTime Fitness is not our normal refrigeration installation job. It is 250,000 square feet of HVAC duct work. This is the second LifeTime Fitness project we have worked on. On both jobs, a helicopter was needed to set the condensing units on the roof. This crew, consisting of David Hertzog, Ryan Wise, John Kidwell, Matt Pace and Nolan Lay, has done an exceptional job thus far. LifeTime is scheduled for completion in March.

• Employee Spotlight

This newsletter we want to spotlight an employee that has been with us for over 16 years. We chose this employee because of his commitment to his job, to this company, and to all the guys that depend him every day. He is the type of person that would do anything for anyone, no questions asked.

Jimmy Smythe came to Almcoe in October of 1989. When he came to work here, he started as an installation helper. He then moved over to the service side and became a technician for the majority of his time here. Recently, Jimmy became supervisor over the parts department. He makes sure the tech's are getting the parts they need on a daily basis.

We are blessed to have such a loyal employee like Jimmy. Thanks for all of your hard work over the years!!
