Employee Spotlight

Several Almcoe employees celebrated important anniversaries during these last three months. They have seen Almcoe grow over the years and their contribution to the company is invaluable.

Congratulations to the following employees:

- **Max Johnson**- 30 years of service
- **Ben Johnson**- 25 years of service
- **Gloria Fisher**- 20 years of service

We are excited to have

Dear Jana,

We hope you enjoy this issue of The Almcoe Quarterly Dispatch.

• New Beginnings

Our new location in Tyler, TX has been up and running for several months now.

We are so thrilled about this exciting opportunity. To celebrate this new beginning,

we were officially inducted into the Tyler Chamber of Commerce by a ribbon cutting ceremony on April 5th. Many of us traveled from the Dallas location for the occasion. It was wonderful to be able to spend time with our East Texas employees and their families. Many thanks to K White for all she has done to help set up our office in Tyler. We are excited to have K, and the rest of the team in Tyler!

• Words From Bill

Growth is almost an imperceptible phenomenon. Sometimes we embrace

Carol Meer join our team. Carol comes to Almcoe with many years of experience in public accounting and office management. Carol was born and raised in Waco, TX. She graduated from University of TX with a degree in sociology and went on to get an accounting degree from Baylor University. Carol and her husband, David, live in North Dallas, with their dog, Maverick. They have 3 grown sons, spread out over Texas and Colorado. Welcome aboard, Carol!

In addition, we also want to spotlight **Andy Vasquez**. Andy started out working for Almcoe as a helper in 2000. Having gained knowledge quickly, he was moved to the installation team. Andy had the knowledge and leadership skills required and is now our new Assistant Installation Manager. We are excited about this new position and the opportunity to watch Andy grow and help lead his team.

Almcoe by the Numbers

Numbers used below represent the months of January, February, and March.

- Number of Service Calls - **1,915**
- Number of Service Calls during the same months in 2006 - **817**
- Number of Installation Jobs - **16**
- Number of New Employees - **8**

growth and other times it's not so desirable. Especially when that growth causes us to buy new clothes! But how does growth happen? We don't wake up and decide to grow taller or larger. We purposely do things in our physical lives that causes healthy growth over a long period of time. We eat right, exercise, and stay active.

In organizations the same is true. We develop habits that enhance our growth. At Almcoe we are adopting habits that will enhance and sustain our growth. We are focusing on hiring the right people, refining our business processes, and choosing the best customers. As we have been doing these things over the past several years we have experienced strong, steady, sustainable growth. Thanks to all of our customers, associates, and vendors for supporting us as we continue to grow.

• Equipment Spotlight

Are you looking for a cool way to beat the heat this summer? The Bunn Ultra Gourmet Ice System may be perfect for you. The Gourmet Ice System offers two 3-gallon hoppers for optimum cooling and serving capacity. The patented reversing auger design quickens freeze time and reduces air mixing. It comes with a great warranty and is simple to program and run. Click on the picture for more details on this product.

Almcoe is running a Spring Special on the Bunn Ultra Gourmet Ice System for only \$1947, plus free freight.

Contact Ryan Glaze for more information on this great offer.
